BRAND NEW POLICE ORDER.

IT WAS SIGNED WITH RED INK AND MEANS BUSINESS.

Chief Quarles Comes to the Front on Behalf of Governor Leedy With a Bloodcurdling Order to the Members of "the Force."

"Tell tales out of school at the peril of your job."

This is the very latest order issued to the members of the police department by Chief W. T. Quarles. The order was read at roll call Sunday night, and grew out of the dissatisfaction existing among the members of Governor Leedy's city in this city.

The order is blood curdling, and is said to have been signed with red ink. It provides that any member of the department found guilty of speaking disrespectfully of any brother "cop" will forfeit his job. No gossiping goes, especially of the kind gossiping which is so common among the members of the force. Every policeman will hereafter be compelled to love his neighbor as himself, recognize the fraternal salute of brother policemen, and shake of the right hand. An exclamation of joy must follow each meeting of "cops" whether on or off duty.

The new order fell on the "coppers" like a thousand of bricks, and they looked at each other, but not a single countenance expressed guilt. They left the station in peace with the world, and those who have not been on intimate terms with the members of the force, the "hatchet," and now their breasts are filled with brotherly love for chief, commissioners, Governor Leedy, fellow patrolmen and sergeants.

The direct cause of the Chief Quarles' order to issue such an order is not positively known. There has been much dissatisfaction existing in this branch of the city government, which has been the cause of the order. The police have expressed their dissatisfaction with the chief, and the chief has expressed his dissatisfaction with the police. The police have expressed their dissatisfaction with the chief, and the chief has expressed his dissatisfaction with the police.

PERRY'S DARING BREAK.

Desperate Assault on William Campbell Nearly Succeeds in Escaping, but Is Caught.

KNAPP TRIAL BEGUN.

Plaintiff Sues Mather Estate for \$7,000 for Services Rendered the Late Samuel Field Mather.

The trial of the suit of Mrs. Anna L. Knapp against A. N. Mather, executor of the late Samuel Field Mather, began in the district court yesterday afternoon. Only preliminary steps were taken, but the merits of the case will be reached today. It will take all week to finish.

The suit is to recover \$7,000 from the estate of the late philanthropist for services rendered during the declining days of the deceased. The case has attracted much attention in the city.

Mrs. Knapp occupied the beautiful Mather home, at the corner of Seventh and State streets, for many years, and cared for the deceased. At his death he allowed her \$500 in his will. Her petition is a lengthy document, and an itemized statement for the amount sued for is given. This suit is not likely to have any bearing on the case now pending to break the Mather will, no matter which way it may be decided.

MOONSHINE OR METEOR?

Prohibitionists Witness a Brilliant Shooting Star Aboard the Kansas Sky.

Wichita, Kas., June 21.—(Special.) A very large meteor passed over this city at 11:15 last night. It came from the southeast, passed directly over the city, sped on north and disappeared into the clouds.

The meteor was seen by a large number of people, and while yet in full view it apparently went out. About two minutes later a tremendous crash was heard, like a cannonade. This lasted for five seconds.

The meteor lit up the city as brightly as at high noon, but the light was of a greenish blue. It appeared about as large as a barrel, and it was very bright.

Hutchinson, Kas., June 21.—(Special.) The wonderful meteor which visited this section last night flashed forth at a little past 11:30 o'clock. In appearance it was a bright light, appearing as large as a barrel with a white star-like center.

The power of the light was startling. It penetrated the darkest room, and for a moment a half it was brighter than day. A spark from the meteor's body fell on "the front" of the residence of James Cox, 231 Avenue B, and burned a hole in the wall.

It was a composition of stone and ore, and weighs thirteen and one-half pounds. It is in possession of the Hutchinson fire department.

Numbers of people felt a severe shock as the meteor passed over.

The fire department was called out, and a ball of fire from the size of a water bucket to a wash tub shot through the air from east to west, and was seen by a large number of people.

SCATTERING AN ARMY.

One of the Most Approved Means of Driving Out a Physical Enemy.

When men or women feel depressed or debilitated at the present day, it is common to say, "I think I have malaria."

What is malaria? It is only germs that get into the body; germs that thrive and increase unless they are killed; germs that warm themselves all through the system; germs that ruin the health and undermine the life. They are aggressive, they feed upon the body; they must be killed. Many things which have been advocated for killing these germs will not do so. It is known, however, that pure spirits taken in moderation will kill and entirely exterminate the worst army of germs which ever invaded the system. They cannot withstand it. Under the influence of pure stimulants the germs are killed, and the body is strengthened to expel them from the body, and thus restore the health.

It should not be understood, however, that all spirits will do this—few will. It requires something specially pure, and specially designed for this purpose, and that is precisely what Duffy's Pure Malt Whisky is. It has the highest endorsements of doctors and scientists. Do not be deceived into the use of any other, for there is no other preparation upon the market that can accomplish what is accomplished by Duffy's Pure Malt. You will find that it is kept by reliable druggists and grocers.
